J. W. BARKER & Co., No. 59 Market street,

Important to Country Merchants. Merchants visiting the city to lay in their spring supply of goods would do well to call at the great medicine emporium of Dr. Keyser, 140 Wood street, and put in a supply of his invaluable PECTORAL SYRUP and BLOOD SEARCHER, the former of which has been sold and used in the Doctor's practice for over twenty years, and has saved thousands from the consumptive's grave. DR. KEYSER'S PECTORAL SYRUP will invariably give satisfaction to all persons afflicted with coughs and hoarseness and the usual pulmonary maladies incident to this season of the year, whilst DR. KEYSER'S BLOOD SEARCHER is daily curing some of the most hopeless cases of disease, of a class little cared for by physicians, and usually deemed incurable, such as cancers, white swellings, scrofulas, tetters, and all of that denomination arranged under the head of *Cachexia*. It is exceeding proper now, when the climacteric change from Winter to Spring is about to occur, that most of those who are debilitated and prostrated by sickness, should resort to some such a remedy as DR. KEYSER'S BLOOD SEARCHER, which will not only cleanse and purify the natural channels of the human system, but at the same time sweep off debility and reinstate vigor and nervous energy. It is wholly unlike most stimulating compounds and bitters, which for awhile, spur, but afterwards sink into greater prostration. Country merchants and farmers cannot do better than to purchase from half a dozen to a dozen of Dr. Keyser's medicines, as in doing so they will confer lasting benefit upon all those whose health and life has been prolonged and improved. These two medicines of Dr. Keyser's have acquired a hold on the affections of the people commensurate only with their superlative merits.

Ask for Dr. Keyser's Blood Searcher, and take no other, at 140 Wood street.

One of the most remarkable meetings ever held in South Carolina, says a correspondent of the New York *Tribune*, took place on Monday, the occasion being a celebration by the negroes of the passage of the bill enfranchising the black race. By invitation, General Wade Hampton, ex-United States Senator Desaussure, Edward Arthurs, Hon. W. J. Tallery and James G. Gibbs addressed the meeting. Also the Rev. David Picket and Beverly Nash, both colored. Sentiments were expressed highly honorable to both sides. The negroes are highly gratified with the spirit of political affection with which they have been met, and the citizens are equally pleased to find the colored men identified with the true interests of the State. Should a Convention be called, the latter will probably nominate and support the best men in the country, and, as declared by Mr. Nash, will urge Congress to repeal the disfranchising clause, which deprives them of the services of those in whom they have the greatest confidence.

Apathy had succeeded the recent enthusiasm among the Fenians in New York for a few days, but on the receipt of news from Ireland, on Monday, of an interruption in the wires connecting with the cable, hope was revived among them, and their belief in a general uprising on St. Patrick's Day was reiterated. As that has not taken place, they will again simmer down.

At Selma, Alabama, a large meeting was held on Monday, at which were adopted resolutions strongly expressive of Union sentiments, and recognizing the right of Congress to prescribe the terms of reconstruction and re-admission of the seceded States into the Union, and therefore urging that the people of Alabama should forthwith accept the beneficent terms of reconstruction.

Ex-Governor Johnston, occupying the office of Internal Revenue Collector in the First District, (Philadelphia,) left for Washington yesterday, having been ordered thither. There is said to be renewed trouble in that office, and it is reported that $100,000 is missing, of which nobody can give any account.

Bill Deferred till December.

WASHINGTON, March 19, 1867.

SENATE.

Mr. TRUMBULL called up the House joint resolution to suspend all further proceedings under the law for payment for slaves enlisted or drafted into the military service of the United States. After a short discussion, by consent the bill was postponed till to-morrow.

MILITARY AFFAIRS.

Mr. MORTON, from the Military Committee, reported favorably on the bill introduced by him to pay the State of Indiana for quartermasters' stores, supplies, transportation, &c., furnished to the militia of the State to repel rebel raids, &c.

Mr. SHERMAN said if the bill was pressed to a vote, he would move to amend it by inserting Ohio, which State had also been at expense to repel the Morgan raid.

Mr. WILLIAMS asked how much money the bill would take?

Mr. MORTON replied that the amount was estimated at $300,000.

Mr. FESSENDEN objected to immediate consideration and action, and it was postponed until to-morrow.

THE REWARD FOR JEFF. DAVIS.

Mr. HOWARD, from the Military Committee, reported, without amendment, a bill to regulate the distribution of awards for the capture of Jeff. Davis, and recommended its passage.

EXECUTIVE SESSION PROCEEDINGS.

Mr. CONNESS introduced a resolution declaring that whereas, it has frequently happened that the proceedings of the Senate in executive session have been published in newspapers, contrary to the injunction of secrecy thereon, therefore, that a committee of three Senators be appointed to investigate the matter, with power to send for persons, papers, &c.

At the suggestion of Mr. CONKLIN, the resolution was ordered to lie over for the present.

PACIFIC COAST SURVEY.

Mr. COLE introduced a resolution authorizing and requiring the Secretary of the Treasury to cause an investigation to be made as soon as practicable by the officers of the United States coast survey in California as to the expenses of a harbor in the vicinity of Point Sal, on the coast of California, and that the Secretary of War be required to cause estimates to be made of the amount necessary to be expended for such a harbor available for the purposes of commerce. Adopted.

RAILROAD AND TELEGRAPH TO THE PACIFIC.

Mr. RAMSEY introduced a bill amendatory of the act to aid in the construction of a Railroad and Telegraph line from the Missouri River to the Pacific Ocean, approved July, 1862, providing that the roads of the several companies named shall be so constructed that when completed they shall, in connection with branch roads to Sioux City, afford continuous road communication between the Union Pacific Railroad and the head of Lake Superior, which was referred to the Committee on Pacific Railroad.

QUALIFICATIONS OF MEMBERS.

Mr. COLE introduced a bill to further define the qualifications of members of Congress, which provides that no person shall be eligible to either house of Congress who has voluntarily borne arms against the United States while a citizen thereof, or who has voluntarily given aid, countenance, counsel or encouragement to persons engaged in armed hostility thereto, or who has sought or accepted, or attempted to exercise the functions of any office whatever, under any authority or pretended authority in hostility to the United States, or who has yielded voluntary support to any pretended Government, authority, power or Constitution within the United States hostile thereto. Referred to Judiciary Committee, and ordered to be printed.

SUPPLEMENTARY RECONSTRUCTION.

The Supplementary Reconstruction Bill was received from the House, and on motion of Mr. Trumbull, the Senate agreed to Committee of Conference. Messrs. Trumbull, Wilson and Buckalew were appointed the Committee on the part of the Senate.

VARIOUS BILLS CONSIDERED.

The House resolution to correct errors in the Wool Tariff Bill was taken up and passed.

Mr. WILSON called up the bill directing the Secretary of War to furnish clothing to invalid soldiers, and it was passed.

Mr. HENDERSON called up the bill declaring the bridge over the Missouri River at St. Charles, and the bridge over the Mississippi at Louisiana, Mo., to be lawful structures and post roads. It was amended to include the bridge over the Missouri River at Leavenworth, Kansas, and then passed.

THE MARYLAND SENATOR.

Mr. JOHNSON said he had been requested by his colleague, Mr. Thomas, since the charges were made against him yesterday, to move the reference of his credentials to the Judiciary Committee, and that a full investigation be made.

CONFERENCE COMMITTEE REPORT.

Mr. TRUMBULL, from the Conference Committee on the supplemental reconstruction bill, made a report. The Conference Committee agreed to the Senate proposition that the State Constitution shall be ratified by a majority of votes cast, provided it shall appear that a majority of the registered voters voted on the question of ratification. A clause is added that Congress must be satisfied that all registered voters had an opportunity to vote freely and fairly without any fear or interruption, and that the Constitution meets the approval of the majority of qualified voters. The report was agreed to.

After the transaction of executive business, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

THE WOOL TARIFF.

Mr. BINGHAM introduced a joint resolution to correct an error in the enrollment of the bill last session increasing the duty on wool and woolens. The error was the omission in the enrolled bill of the words "Canada long wools," which were in the engrossed bill. The joint resolution was passed.

AGRICULTURAL COLLEGE SCRIP.

Mr. JULIAN asked leave to report a joint resolution relative to the issue of agricultural college scrip, prohibiting the further issue or delivery of such scrip to any of the States lately in rebellion, except Tennessee, or acceptance of such scrip, or of any heretofore issued, until those States are fully restored to their rights as States by Congress.

Mr. BURR objected, but the rules were suspended, and under the operation of the previous question, the resolution was adopted—103 to 33.

TAX ON LADDERS.

Mr. JUDD, on leave, introduced a bill to exempt wooden ladders from tax, which, after a short discussion, was passed.

SUPPLEMENTARY RECONSTRUCTION.

The SPEAKER laid before the House the disagreement of the Senate to the House amendment to the supplemental reconstruction bill. The House refused by a vote of 62 to 77 to recede, and on motion of Mr. Wilson (Iowa) insisted and asked for a Committee of Conference. The Speaker appointed Messrs. Wilson, (Iowa,) Boutwell and Marshall the Committee on the part of the House.

THE CONFISCATION BILL.

Mr. STEVENS called up the motion to reconsider the vote by which the bill introduced by him on the 11th of March was referred to the Committee of the whole, being the House bill to confiscate all public lands in the lately rebel States, and confiscate and condemn all such property belonging to the belligerent enemy as is declared by the act of July 17th, 1862.

MR. STEVENS' SPEECH READ BY THE CLERK.

Mr. STEVENS proceeded to address the House at length in support of the bill. He had not said more than a few passages of his speech, when it became painfully evident, from the weak condition of his health, he could not make himself heard by the House. He therefore requested Mr. McPherson, Clerk of the House, to read the speech for him, which Mr. McPherson thereupon proceeded to do from the Clerk's desk. The reading occupied about an hour and a quarter.

Mr. CHANDLER obtained the floor, but yielded to Mr. Stevens, who moved the bill be postponed until the second Tuesday in December next, which was agreed to.

RELIEF FOR SOUTHERN DESTITUTION.

The House went into Committee of the Whole and proceeded to the consideration of Senate bill appropriating one million dollars for the relief of the destitute in the south.

Mr. BUTLER proposed to offer a substitute for his substitute offered last week, by providing that several District Commanders, under Act of 2d March shall have the power to assess and collect by military power rotably on all persons within their Districts owning more than 160 acres of land, or who have an income of more than $600 per year, such sum or sums as such Commander may deem necessary to relieve the destitution and pauperism of white people there.

The CHAIRMAN informed Mr. Butler that he had the right to modify his first substitute by substituting the other for it, but Mr. Butler desiring to have both pending withdrew the latter, whereupon Mr. SCHENCK offered it as an amendment to the substitute.

Mr. WOODBRIDGE made an eloquent appeal to the Committee in favor of the bill. In conclusion, he moved that the Committee rise and report the bill and amendments to the House. The motion was rejected.

A long debate ensued on the necessity of the bill, but without reaching any conclusion, the Committee rose to receive a message from the Senate.

A variety of motions to suspend the rules to get in bills and resolutions were made and rejected.

ISTHMUS TRANSIT ROUTES.

While the House was waiting to receive the action of the Senate on report of the Conference Committee on the supplemental reconstruction bill, on motion of Mr. BANKS, the Committee on Foreign Affairs was instructed to inquire and report what measures have been taken by foreign governments or capitalists to secure control of the interest of rival nationalities in any of the routes or franchises for transit across the Isthmus of Panama, Nicaragua, Honduras or Tehauntepec, and what action may be advisable for this government to take to secure the interests of American commerce on such transit routes.

THE COMMITTEE OF CONFERENCE REPORT.

The SPEAKER laid before the House a message from the Senate announcing that it had agreed to the report of the Conference Committee on the supplemental reconstruction bill.

Thereupon, Mr. WILSON, of Iowa, from said committee, made a similar report. After a brief discussion, the conference report was agreed to, and the bill goes to the Senate.

The House then adjourned.

THE BUTLER COUNTY HOMICIDE.

Trial of John B. Adlington for the Murder of Sidney B. Cunningham and James H. Teeples, at Portersville.

MONDAY, March 18, 1867.

Miss Joanna Pyle, sworn.—I was at the dance; came to Oliver's between eight and nine o'clock P. M.; Henry Bowder took me there and took me home; I saw Mr. Cunningham and Teeple there; they came to our house at half-past five o'clock P. M.; they had their horses put up; went away and were gone an hour or more; came back and Mr. Cunningham said they had been insulted; said John Oliver had insulted him; there were phrenologists at our house; examined their heads; had a pleasant time for a spell; said he had cut up a little at Oliver's, and Oliver was going to put him out; next saw him and Teeple sitting before the fire at Oliver's in the sitting room; there were others in the room; I passed through into the dancing room; next saw him up stairs when he came for me to dance with him; my father keeps a hotel in Portersville; my father introduced me to Cunningham at home; I danced with him; next saw him calling off a dance; I danced when he called the figures; I think Mr. Kirker was on the floor; Mr. Shaffer danced with me; saw the defendant dance twice—once with his wife and once with Maggie Newton; he danced the first dance; next saw him dance after I danced with Cunningham; I passed through the sitting room up stairs; saw Teeple in front of the fire as I passed through; Cunningham was just behind me; asked me to introduce him to another lady; told him to come up stairs and I would do so; I went up stairs and staid till the fight was over; Cunningham did not follow me; I did not see him again until he was laid out in the sitting room.

Mrs. Melissa Oliver recalled—I know about the bleeding stick; I brought it to court with me; William Pringle has it now; I had it on the evening of the fight, and laid it in the pantry on the bureau behind the arm that held the glass up; I laid it there about 8 o'clock P. M., while Cunningham and Teeple were eating their oysters; I laid it away and no one saw me hide it; it could not be seen readily unless some one took a light and went to look for it. I saw it next morning after breakfast lying just where I had put it; did not see any one have it that night; this is the stick I alluded to; I have seen my husband use this stick for bleeding horses; this is the only stick of the kind I ever saw about our house; there was no supper eaten by the party at our house that night; the carving knife and the one I had put in the cradle, I found on the shelf in the pantry on the morning after the fight; on going out to go home, I saw this man, Cunningham, sitting in the right hand corner of the hall, leaning forward; I told my sister I saw a man in there almost dead; she had asked me where were those men! I replied as stated before; Mr. Amberson had passed out with the child; I saw no person in the hall.

Mrs. Mary Weller, sworn—Calvin Weller is my husband; I was present at the house of John Oliver on the 24th of December last; I came there with my husband about ten o'clock, P. M.; I came from Jas. Marshall's; I had been there before dark and came away; came back at ten P. M.; saw Mr. Cunningham in the dancing room; don't know that I saw Teeple; Cunningham danced with Miss Pyle; saw him up stairs when he was introduced to her; saw him dance with her; did not see him after that till the fight was over; I was up stairs sitting on the bed; Miss Weimer, Miss Pyle, and Miss Stoner, were in the room. Miss Pyle started down and I followed; met her on the steps; she said they were fighting; went down two or three steps; saw Adlington passing hurriedly through the hall with his hand in his breast; I said, "Oh, John, don't shoot!" Mrs. Adlington was standing above me; she said, "Is that my John?" I said, "Yes, he is going to shoot;" she screamed, and I did not see where Adlington went. He was going toward the front door. I was about three steps below the first platform. I first saw Adlington coming from the back door of the hall. I think it was the right hand he had in the position I described; I thought he was going to draw a revolver. He was opposite me when I made the remark—not more than a foot from the dining room door, walking fast toward the front door. It was the position of his hand that led me to think he was going to shoot. My attention was turned toward Mrs. Adlington, and I did not see how far he went. I lost sight of him at that time. Mr. Adlington neither replied nor paid any attention to me. There were ladies on the stairs at that time; they were passing up and down. We looked over the banisters on the top his head; I saw Mrs. Adlington in the room up stairs shortly after I came to the party. I don't think I heard any noise when Miss Pyle got up to go down. She was on the stairs coming up when I went down; she met me on the platform and was there when I saw Adlington; there were persons in the hall, but I could not name them; they were around the sitting room door looking in; defendant may have been in that crowd, but I did not see him; he disappeared just while I spoke those words to Mrs. Adlington; I heard a noise in the sitting room, but I could not hear what they were saying. I heard loud talking but could not catch any word that I could repeat; I heard no blows.

Court adjourned to meet at 9 o'clock to-morrow.

A Mysterious Affair.

We learn of an attempt made last night by a party of officers belonging to the Mayor's police to arrest a party of alleged highway robbers in Wilkinsburg. So far as we could learn, it appears that a party of men, stated to have been guilty of highway robbery and other outrages, were congregated in a private house in Wilkinsburg, and at about half-past eleven o'clock the officers, five in number, approached the house and demanded the surrender of the inmates. They were met by seven men, armed with revolvers, who resisted, and fired two or three shots. After a struggle they were secured, and then, as we are informed, got from the officers by some means and re-entered the house, where were several others, including one woman. The whole party of inmates assembled up stairs and threatened the officers with death if they attempted to follow. A desperate struggle ensued, during which some half dozen shots were fired by both parties. One of the inmates received a shot in the back of the head, though the extent of his injuries is not known. One of the officers received a shot through the sleeve of his coat, and three of the others were badly beaten. Reinforcements to the party in the house arrived, and the officers gave up the attempt to effect the arrest, owing to the disparity of numbers, and came away. The matter is involved in mystery and we shall await further statements concerning it.

A Deserved Tribute to the Pittsburgh Female College.

We cannot permit the annexed complimentary notice of President Pershing, his college and scholars, to go unnoticed. Coming from the highest source, penned by the learned and gifted editor of the *United Presbyterian*, it will have much weight in this community and elsewhere. Here is Rev. Dr. Kerr's congratulation, which, on republishing, we heartily endorse:

"We had the pleasure of witnessing the essay contest of the graduating class at this College on Thursday evening last. It was an exceedingly creditable performance. We must congratulate President Pershing on this exhibition of his graduating class. While all the essays were good, some of them were of the rarest excellence. We wish he could fill the world with young ladies capable of writing such essays, so happily conceived, filled with beautiful sentiment so finely expressed, and withal so imbued with the spirit of Christianity. We wish him all manner of success in the really great educational enterprise of which he has charge."

The College commences its spring term to-day, and persons having girls to educate should at once make application in person, or by mail, to Rev. I. C. Pershing, D. D., the President of the faculty. The prospects of the institution were never more flattering, and it is thought that all the classes will be filled without any delay, so that applications for admittance should be made immediately.

It shall be the duty of the City Treasurer to pay the same at maturity, or at such other time as may be ordered by the Commissioners, provided he has sufficient moneys belonging to the City Building Fund for that purpose; said bonds shall be a lien upon the lots and buildings erected under the provisions of this act, and shall not be subject to taxation for State, county, city, ward or other municipal purposes.

SEC. 10. The said Commissioners shall be, and are, hereby authorized to rent a suitable office for the transaction of their business, and to employ such competent assistants as they may deem necessary.

SEC. 11. SEC. 12. When said buildings shall be fully completed and ready for occupancy, the said Commissioners shall notify Councils of the fact, and thereafter said buildings and appurtenances shall be under the control and management of said Councils, or such person as they may appoint for that purpose.

SEC. 13. The Fifth Ward Demonstration—Threatenings and Precautions.

We gave an account yesterday morning of an incipient riot among the striking moulders at the stove foundry of Mr. Alex Bradly, on O'Hara street, Fifth ward. As is mentioned elsewhere this morning, the parties arrested for participation in the disturbance on Monday evening were held to bail in the sum of $1,000 each for riot, Farrel being held in that amount on each of two charges, one of riot and one of assault and battery with intent to kill. This seems not to be the end of the matter, however. A portion of the strikers yesterday morning indulged in threats of continued violence against the Buffalo men, and it was deemed advisable by the employers of the new moulders to keep the hands in the foundry, which was done. They were furnished with their meals in the building and slept there last night. During the day a detachment of police was detailed for duty at the foundry and last night the number of officers stationed there was increased to a force sufficient to quell any row that might start. Towards night, as we understand, the strikers threatened that during the night they would tear down the building. At eleven o'clock, however, when we left the place, no demonstration had been made, and the presence and vigilance of the officers rendered it unlikely that any disturbance would be attempted. No little excitement was occasioned in the neighborhood during the day, by the possibility that the threats made would be carried into execution. We hope the affair is ended now.

New Carpet Store and New Carpets.

Messrs. Bovard, Rose & Co., No. 21 Fifth street, announce that their elegant and commodious salesrooms, No. 21 Fifth street, second floor, have been thrown open to purchasers. The large new stock is just being opened. It embraces all the latest importations and home manufactured carpets, from the rich and elegant velvet and Brussels to the plainer ingrain and humble hemp. The selection has been made with a view of pleasing the trade in this neighborhood, and upon examination will afford ample choice to all. The new patterns just introduced, and which are all the rage in the eastern cities, are very neat, and we venture to say will sorely tempt our lady readers into purchase. The firm will deal extensively in oil cloths, mattings, window shades, rugs, mats, stair carpets and rods, piano and table covers, and everything usually found in similar first class carpet houses. The firm, upon opening the new store, assure all who may favor them with their patronage that nothing but good goods, such as will prove as represented at the time of sale, will be kept, and that their prices will be as reasonable as those offered any where else out of New York. We cheerfully commend this new house to the patronage of our readers, knowing the gentlemen composing the firm to be energetic, enterprising, fair dealing and honorable, and in every way worthy of the patronage of the community at large.

Alleged Assault in the Allegheny Depot.

Thomas Patterson, the driver of a local express wagon in Allegheny, made an information before Mayor Morrison on Monday evening, charging officer Thomas W. Noble, in charge of the Allegheny depot, with assault and battery. Deponent alleges that on the evening mentioned he purchased a ticket and was waiting in the depot for the train. The officer approached and asked him if he had a ticket. He answered yes, when the officer, saying he did not believe it, caught him by the neck and thrust him out of the door. The accused was arrested and admitted the putting out, but it was alleged by the defence that the deponent had been in the habit of acting disorderly in the depot and had been ordered to stay away. It was also stated that he had purchased his ticket, not to use, but to give him a pretext for loafing in the depot. Patterson claimed that he was doing nothing disorderly and should not have been ejected, especially as another man who was also waiting for the train, and had been in the depot longer than he, was not interfered with. After the hearing the case was held for trial at Court.

Mishler's Herb Bitters.

The fame of Mishler's Herb Bitters long preceded the advent of the great tonic here, and from a demand created by the known qualities of the preparation, our druggists were forced to keep it upon their shelves, and a large local trade was, upon merit alone, built up in the neighborhood. The demand for these bitters is now so great from this vicinity and contiguous States that an agency, for convenience to the trade, has been established in Pittsburgh. Elsewhere we publish the card announcing that Messrs. Fahnestock & Holton have opened a branch house for the exclusive sale of the famous bitters, at No. 26 Market street. Mr. A. T. Fahnestock, the senior member of the firm, was formerly a resident of this city, and his many friends will be pleased that he has settled permanently in our midst. He and his partner, Mr. D. M. Holton, will be found to be accommodating and honorable business men, and druggists and others will find it to their advantage to bestow a portion of their patronage upon this firm. Mishler's Bitters have too high a medicinal reputation here to need any commendation from us. They are universally used throughout the country, and the best medical talent of the country have pronounced in their favor. All druggists throughout the city sell them, but a trial is but asked to convince the skeptical of their great medicinal qualities.

A Larceny Case.

Franklin Savage, who is an employee of the Pennsylvania Railroad Company, from Altoona, and who has been stopping for the past few days at the Mansion House in this city, made information yesterday, before Alderman McMasters, charging J. F. Marsh, also a boarder in the house, with larceny. The deponent alleges that he dropped out of his pocket a pocket book, containing one dollar, some papers, a baggage check, and two copper coins, and that subsequently the property was found in the possession of the defendant. At the hearing the fact was developed that the prosecutor had been the standing joker of the boarders of the house ever since he had been at the hotel, and that, with his dog, an ill favored cur which accompanied him into "court," he had furnished unlimited fun for all who came in contact with him. It also appeared that the whole case, both on the part of the prosecution and of the defense, had been gotten up in jest. Therefore, after examining several witnesses and producing unbounded amusement to those in the office, the case was dismissed at the "cost of the defendant." Mr. Savage and his dog left for Altoona.

Hoe's Copying Presses.

In another column we publish to-day an advertisement of the world known press builders, R. Hoe & Co., 29 and 31 Gold street, New York. They announce that they manufacture and keep for sale, at wholesale and retail, a large assortment of letter copying presses, combining tasteful designs with the best of workmanship. They may be obtained at their warerooms, or from the principal stationers throughout the Union. The impress of superiority is upon all the presses turned out by this house, from the mammoth Hoe steam press, which rolls off thousands upon thousands of papers per hour, down to the tiny little copying press which graces and adorns the counting room. The most skilled mechanical labor of the country is employed at their works, and every article turned out will stand the closest examination and prove satisfactory to the purchaser. See the advertisement.

EDITORS GAZETTE—*Gentlemen*:—In this morning's issue of the *Pittsburgh Daily Dispatch* there appears an article relative to the public life of your humble servant, to which I would not reply, or in any way explain, only from the fact that when I see my duty clearly pointed out by the word of God, I dare not disobey. In this instance I bow to the command of God, as you will find recorded in the 26th chapter of the Book of Proverbs, and at the 5th verse. Accordingly, I answer. The Auditor General did not commit an error, for it was with my own free will that I signed the order, by which the money in question was lifted—what was done with the money is simply my own business, for it was not obtained by fraudulently arresting as deserters sick soldiers who were home on furlough. Nor do I expect the Secretary of State to require me to refund the amount to the Government. JNO. A. DANKS.

WEDNESDAY, MARCH 20, 1867.

RELATIONS OF PENNSYLVANIA TO THE GREAT WEST.

We have endeavored to keep our readers well posted in regard to the progress of the two great rival lines of railway running from the Missouri River towards the Rocky Mountains, and thence to be carried still further westward until they meet the Central Pacific Railway, which begins at Sacramento, and is already completed nearly to the summit of the Sierra Nevada, the most difficult part of the route between the Missouri and the Pacific.

The most northern of these rival lines is the Union Pacific Railway, which begins at Omaha, in the now State of Nebraska, on the west bank of the Missouri, a few miles above the mouth of the Platte, and which runs along the north side of the last named river to its source in the Rocky Mountains, about one hundred miles north of Denver. The work on this line has been pushed forward with great energy, and the road is now finished and in use some distance beyond the hundredth meridian of longitude.

The Union Pacific Railway, *Eastern Division*, begins at the mouth of the Kansas river, at the twin cities of Kansas City and Wyandotte. This road runs almost due west up the valley of the Kansas, following that stream to its remotest source near the base of the Rocky Mountains, and thence, by a slight northern deflection, to Denver, in Colorado Territory, at the base of the mountains. The entire distance from Kansas City to Denver is 601 miles. About two hundred miles of this road are finished and in operation.

The course of both the Platte and the Kansas rivers, from the mountains to the Missouri, across "the Plains," is very nearly from west to east. These roads are of course about parallel—the Platte road being an average of about a hundred miles north of the Kansas road. There is not much difference in the length of the two lines. The Kansas road is a little shorter than its rival, and it has great advantage in climate and soil. The country drained by the latter stream is all good either for arable or pastoral agriculture; the valley of the Platte, on the other hand, has long stretches of land practically worthless. Both are deficient in timber, except the lower forty miles of the Kansas valley, which is a well timbered region. There is abundance of timber near and on the mountains.

Both these roads will reach Denver—the Kansas road by the main line, the Platte road by a branch of about a hundred miles. It is now pretty certain that they will cross the Rocky Mountains and enter upon the great basin of Utah separately, and, it may be, unite with the *Central* Pacific road at Salt Lake. New Mexico and the basin of the Colorado will be reached by branches from the Kansas road, opening up to settlement and commerce the finest and most extensive grazing country on the globe, and affording easy access to the boundless mineral treasures of those immense regions.

These are certainly the greatest artificial thoroughfares in the world; for they not only inter-penetrate and render accessible vast regions of varied and untold resources within our own national boundaries, but they open to us a new route to Asia and the Pacific Islands, shorter and better by far than any other. Even Europe will find its best route to China and Japan through this avenue.

It is well for the whole country that these two competing lines across the continent, from the Missouri to the Pacific, should have started on the race so nearly together; that they are both in the hands of men of energy; and that the Government favors them equally in lands and funds. It is the most magnificent contest the world ever saw, and for the greatest prize. Both will be successful to a good degree; but one of them will be *the* great route between the Atlantic and the Pacific.

Have we, as Pennsylvanians, any interest in this contest? This is the question we wish to discuss this morning.

The Union Pacific Railway of the Platte is urged on by the enterprise, energy and capital of New York and New England, aided by Chicago and other cities of the Great Lakes. It is the continuation of their main lines of railroad, to which they are ambitious of drawing the rich trade of the interior basin, the Pacific border, and the Pacific ocean. And truly that trade is a magnificent prize.

The Union Pacific Railway of the Kansas is the natural route for Pennsylvania—for Philadelphia, Pittsburgh, Cincinnati, Indianapolis and St. Louis—and it is mainly to the enterprise and wealth of Pennsylvania and St. Louis that it is so energetically and rapidly pushed forward. The road will be virtually an extension of the Pennsylvania Railroad to the Pacific. West of the Missouri this road has decidedly the advantage over its more northern rival; therefore all that is required to secure to our own State the chief highway of the world is to give to those who have the will and the ability to enter the lists for this prize free course.

Viewed from this standpoint the bill to enlarge the capital of the Pennsylvania Railroad Company, which recently passed our Legislature, will be seen to be a wise and beneficent measure. It is needed; for without it connections with the Pacific Railway of the Kansas cannot be prosecuted with that degree of energy and rapidity essential to the security of the grand result. This question has nothing to do with our local disputes with that Company about the Connellsville road and other matters. Let it put forth its utmost powers beyond the Mississippi, and the greater its success there the better for Pennsylvania, and for both its great cities. This is a noble and perfectly legitimate enterprise on its part, and, so far, it deserves the cordial support of every Pennsylvanian; for all our roads, the Connellsville among the rest, and all our interests, will reap the benefit of this Trans-Mississippi enterprize.

But this is not all. In order to put the roads of our State and those of the States west of us into direct connection with the Union Pacific Railway of the Kansas, it is necessary that the old Missouri Pacific Railroad, extending from St. Louis to Kansas City, 288 miles, be purchased and the grade changed from what it is now (5½ feet) to conform to that of the Kansas road and of the roads this side of the Mississippi, which are 4 feet 8½ inches. The old company is not able to make this change, and the Pennsylvania Railroad Company is the only party able to do it. This indispensable enterprise will require a large amount of capital. We have good reasons to believe that negotiations for this purchase are in progress. Moreover, to render this line of communiation with the region beyond the Mississippi complete, a bridge across that river at St. Louis is essential. This will most likely be a submerged tubular bridge, and will cost several millions.

With these connections complete—for all on this side of the Mississippi is right now—Pennsylvania will have the shortest and best route between the Atlantic and the Pacific that can be made. To show this we copy the following from one of the letters of Mr. COPLEY, written for the GAZETTE, while on an excursion to Fort Riley, on the Union Pacific Railway, in November last. His tables of distances are compiled from authentic documents and are perfectly accurate.

DISTANCES FROM KANSAS CITY TO NEW YORK, THROUGH PENNSYLVANIA.

Via St. Louis, Indianapolis, Columbus, Steubenville, Pittsburgh and Allentown.

Kansas City to St. Louis	283	miles.
St. Louis to Indianapolis	262	"
Indianapolis to Columbus	188	"
Columbus to Pittsburgh	193	"
Pittsburgh to New York, via Allentown	431	"
	1357	"

Via Cameron, Quincy, Chicago, Pittsburgh and Allentown.

Kansas City to Cameron	55	"
Cameron to Quincy	170	"
Quincy to Chicago	265	"
Chicago to Pittsburgh	468	"
Pittsburgh to New York, as above	431	"

Via Cameron, (Hannibal and St. Joseph R. R. to Quincy,) Great Western R. R., Fort Wayne and Pittsburgh R. R., and Pa. R. R. via Allentown to New York.

Kansas City to Cameron	55	"

Quincy to Springfield, Ill.	114	"
Springfield to Fort Wayne	268	"
Fort Wayne to Pittsburgh	320	"
Pittsburgh to New York via Allentown	431	"
	1358	"

From Kansas City to Philadelphia the above distances are respectively 76 miles less, to wit: 1282, 1313 and 1283.

DISTANCES FROM KANSAS CITY TO NEW YORK, THROUGH NEW YORK.

Kansas City to Chicago, via Quincy as above	490	"
Chicago to Buffalo via Southern Michigan &c	538	"
Buffalo to Albany (N. Y. Central)	298	"
Albany to New York (Hudson river)	144	"

Kansas City to Chicago	490	"
Chicago to Dunkirk (S. Michigan Lake Shore, &c)	498	"
Dunkirk to New York	460	"

We thus see that the distance between Kansas City and New York is less through St. Louis and Pittsburgh, and via. the Pennsylvania Railroad, by 91 miles than via. Chicago and the New York and Erie; and less by 113 miles than by the New York Central. And even by way of Chicago and Pittsburgh, via. the Pittsburgh, Fort Wayne and Chicago road, the distance is less than via. the New York Central by 81 miles.

THE NEW YORK *Times* has made a discovery and is astonished thereat. It has found out that "a desire to provide for the future of the Republican Party has unquestionably contributed not a little to the difficulties that surround the reconstruction policy of Congress." That is not a mild way of stating the transparent fact which every intelligent man in the country has had a definite conception of all along, but it will do. All free people are actually governed by parties. Absolutism affords the only escape from the sway of parties that has been invented, and the escape it offers is rather comparative than complete. All parties, in working for their perpetuity and power, believe they are consulting the best interests of the whole. Were the fact otherwise, all parties would be embodied and gigantic shams and hypocrisies. Doubtless, the Republican party wants to keep the future of the Union in its own hands. It would be wanting in common sense and patriotism if it did not. The Democratic party, ejected six or seven years ago, from an ascendency it had held, almost unbroken, for half a century, desires to recover its lost estate. From its stand-point, this is commendable. Each of these parties seeks to control the ten seceding States; the Democratic party by co-operating with the rebel element, which was the basis of its former success; the Republican party by vindicating the rights of sections of the population heretofore greatly oppressed. This contest is unavoidable, except by an abandonment of popular institutions, which the people will never consent to.

GENERAL HALPINE, it appears, in his examination before the Judiciary Committee, did not fully sustain his own report of the conversation he had with President Johnson concerning the financial situation of the Government. He admitted that the President only remarked, in substance, that "if Congress continued concocting measures of extravagance, instead of reducing and economising the National expenditures, the public debt would be increased instead of reduced, and the most serious consequences would ensue." The rest of the statement was editorial inference and embellishment.

Other men than President Johnson, and cooler than he, by large odds, have taken the same view of the case. The truth is, the recklessness of Congress, and particularly of the House of Representatives, in making appropriations, absolutely appalls all sensible business men. If the members do not mean to bring upon themselves and the nation the shame and disgrace of the Repudiation they pretend to loathe, they must restrain their prodigality, and that right speedily.

THE bricklayers, plasterers and stonemasons of Trenton, N. J., have unanimously resolved that "it is not desirable that at this time an increase of wages should be demanded by the members of this association, believing, as we do, that it would only induce landlords and others to increase the rents of houses and other necessaries of life still higher, and which at present are far above the reach of many of us." This is a practical and wise view of the matter. How the wages of all kinds of labor can be kept at the top mark, and the prices of all the products or results of labor be kept at low figures, is a profound mystery, which multitudes attempt to realize, but no one can explain.

LAST year charges were freely made that the liquor dealers of this city had conjointly made a heavy purse to be expended in corruptly engineering a liberal license law through the Legislature. A committee was appointed to investigate these charges. A report has now been made by that committee. It turns out that no bribery was committed. But it further appears that the reputation of the Legislature was so bad it was not found difficult for a speculator to raise quite a sum under pretence that he meant to buy it.

THE French have at last left Mexico; not as they entered it with loud vauntings and gay visions of the imperial throne they were to plant; but with trailed banners and confessed defeat.

NEW CITY BUILDINGS.

In another column will be found an Act of Assembly providing for the erection, by the city, of a building to include offices for the Mayor, Controller, Treasurer, Regulator, City Soliciter, Fire Alarm Telegraph and Council Chambers. James McAuley, Thomas Steel, William Phillips, Jarred M. Brush, John Hare, William M. Lyon and William Holmes, are the Commissioners named in the bill. At the time and place provided these Commissioners met, accepted the trust and duly qualified.

Prior to the passage of this act the Councils bought the lot on Smithfield street, extending from the Postoffice edifice to Virgin alley, being 120 feet square, for the sum of $100,090. It is designed that the new buildings shall be erected on this lot, the offices on Smithfield street, and the prison on the rear, with entrance from Virgin alley.

At the organization of the Board Messrs. Lyon, Hare, Brush, Phillips, McCauley, and Steel were present. Mr. Phillips was elected President of the Board, and Thomas Steel Secretary.

The Commissioners above named are gentlemen of the highest character; several of them are among the largest of our tax payers; have had much experience in building, and all of them command fully the confidence of our people.

A GENTLEMAN addressed a few words to the noon-day prayer meeting yesterday, in which he begged the prayers and benefactions of the Christian people of these cities in behalf of the starving poor of Alabama, and representing himself as an agent to solicit means for their relief. He, however, exhibited no credentials. A kind-hearted gentleman present suggested that a collection be taken up on the spot from the large audience present; but this was objected to, and was not done. In the afternoon we had a call from the same gentleman; but as he was unable to give us satisfactory assurance that he was a true man, we declined to publish what he wished to say. He may be all that he represents himself to be; but if so, he is singularly obtuse as to the ways of the world in regard to such matters. Only let a man come well accredited, and he shall receive from us all the aid that he could reasonably ask in prosecuting so laudable an object.

THE age of miracles has returned. Negroes have held a political meeting in South Carolina—in Charleston, the very citadel thereof. This meeting was lovingly addressed by representative men of the chivalry; and the blacks responded with enthusiasm. The democratic "courting" of the negroes has publicly commenced. We shall see what offspring will ultimately come of it.

BEHIND THE LIGHTHOUSE.

Old fogyism is not quite dead. People are still to be found who think that health is promoted by depletion! Was there ever such false logic! Nature is the grand antagonist of disease, and the depletors propose to prostrate Nature, in order, one might suppose, to give the enemy a *double chance* at the life of the patient! The true practice is so to invigorate the vital powers as to render them an overmatch for the elements of disease. This can be done with HOSTETTER'S STOMACH BITTERS. Of all vegetable tonics they are the most powerful and the most genial. At this season when even the strongest organizations are liable to be affected by the alternations of stringent cold and malarious moisture, this inestimable protective medicine is especially needed. Persons predisposed to billiousness, dyspepsia, constipation, intermittent fever, or any of the complaints which cold weather superinduces or aggravates, should take it regularly throughout the Winter and Spring months. It is absolutely pure and harmless.

THE INDIANS AND THE WHITE PINE.

Although long known to the aborigines of America, Dr. George W. Swett, of Boston, has brought into shape for convenient use, a most valuable preparation called POLAND'S WHITE PINE COMPOUND, which for a number of years has given great satisfaction in the cure of all those ailments dependent on an inflamed or irritated condition of the mucous membranes of the animal organism. *For gravel, diabetes, dropsy, chronic bronchitis, nasal catarrh, constipation*, when depending on a debilitated state of the intestines, it is one of the most valuable discoveries recently added to pharmaceutical medicine. It is likewise a most valuable compound for diseases of the kidneys and bladder generally, as any one can satisfy himself upon a single trial. Every one knows the healing virtue of the white pine for sores and ulcers, but Dr. Swett has gone to work and prepared from the sweet inside bark of that valuable tree a compound that will meet every indication where the pine would be valuable.

It is confidently recommended for the following ailments:

Diabetes in young or middle aged people;
Diabetes in old people;
Stoppage of the Urine;

A PRINTING OFFICE FOR SALE.—To any good printer who has the ability and inclination to purchase and edit a weekly newspaper—Republican in politics—a rare opportunity is hereby offered.
Being desirous to engage in another business—no more profitable, but more congenial to my personal tastes—I offer for sale the office of the "*Fairmont Vedette*," a first-class county paper with a first-rate reputation throughout the State. The "Vedette" is a 28 columned paper and has a large subscription list of prompt-paying subscribers. As I have adopted the cash system, there are no patrons in arrears. The office contains two presses, and is well supplied with type and all the appliances requisite for publishing a weekly paper and meeting all demands for Job Work. My receipts for the past year, on account of subscription, advertising and job work, have been nearly $3,000; while the cost of paper and composition has been about $1,500. Not being a printer myself, I am compelled to employ one more compositor than would be necessary for one who could devote a portion of his time to type setting. I employ three hands. About half of the time of one is required for Job Work. An editor who can set type could dispense with one hand, and thus make more money than I have done.
The "Vedette" is the only paper in Marion county, which always gives a Republican majority of between three and four hundred. Fairmont, the county seat, contains about 1,000 inhabitants, and is distinguished for its healthfulness and the intelligence and sociality of its citizens. It is situated on the Baltimore and Ohio Railroad and Monongahela River.
I will take one thousand dollars ($1,000) in cash for the establishment, which is not more than half what it is actually worth.
Persons desirous to purchase are requested to address, J. N. BOYD,

WEDNESDAY, MARCH 20, 1867.

COURT REPORTS,

Oyer and Terminer, &c.

Before Hon. James P. Sterrett.

This Court met Tuesday at the usual hour, nine o'clock, and proceeded with business.

CASE CONCLUDED.

The case of the Commonwealth vs. Robert Kelly, indicted for assault and battery, on complaint of Arthur Donnelly, commenced Monday evening, was resumed, and resulted in the jury finding a verdict of not guilty—each party to pay one-half the costs. James Moran, at whose tavern, in the Diamond, the assault and battery was alleged to have occurred, was complained of by Donnelly for surety of the peace, and after a hearing of the case Moran was directed by the Court to pay the costs and to give bail in the sum of $200 to keep the peace for one year.

ARGUMENT ON A MOTION TO QUASH.

B. F. Lucas, Esq., made an argument on the motion to quash the indictment, for larceny, against Forbes and Yates, for the reasons assigned and noted in the report of the Court proceedings of Monday. His argument was clear and forcible, and we may say strongly denunciatory of the manner of doing business as evidenced in the case in question—the finding by the Grand Jury of an indictment against defendants upon a charge upon which they had not been arrested, no information made, and no preliminary hearing had. The Court will decide the motion Wednesday morning.

LARCENY OF BUTTER.

Christian Datt and Jacob Herley were indicted for the larceny of a quantity of butter from the Sirwell House. The jury convicted Datt and acquitted Herley.

LARCENY OF NEWSPAPER FILES.

Charles Cappee, James Maloy and Patrick Lally, all under fourteen years of age, were placed upon trial for the larceny of newspaper files from the *Dispatch* office, D. O'Neill prosecutor. William Linn, Esq., appeared for the defense. The prosecutor testified to the larceny of the files, which were considered of great value, and could not be replaced. A portion of the newspapers were recovered, in a mutilated shape, from a paper manufacturer. Having stated that Cappee had made a confession of his guilt, counsel for the defense objected to its being given, for the reason that it had been obtained through fear and inducement, and it appearing that O'Neil had accosted the boy (fourteen years of age) in an excited manner, and had told him that he "had better tell the truth," the objection was sustained. Mr. O'Neill was about testifying to what statements had been made at the hearing before the Mayor by the defendants, when Mr. Linn again objected. The Court having already excluded the confession as previously made, and it being a fair presumption that the influences used to extort it were yet operating upon his mind, a subsequent confession, although made after being duly cautioned, could not properly be received. It appeared, also, that Cappee had been sworn by the Mayor, which rendered the matter still more objectionable, such a proceeding being improper. The Court sustained the objection as far as it related to Cappee, admitting the statements made by other defendants as to their guilt.

A witness testified to having seen Cappee and Lally at Markle's paper store in the city, and to having purchased old papers from them. From Cappee he remembered to have purchased some *Dispatch* newspapers and legislative records, and to have cautioned him about them, when Cappee replied that he knew nothing further about the papers than that he was obeying orders in selling them. Mr. O'Neill was re-called and stated that the files stolen bore date as far back as 1840. The defense offered evidence as to the previous good character of the defendants.

The jury found a verdict of "not guilty," and they were discharged, after being cautioned by Judge Sterrett as to how they conducted themselves in the future. In considering their case the jury had given them the benefit of all doubts.

STOLE A TRUNK.

Patrick Houghrey and James Cowley *alias* Brown were indicted, on oath of John Paul, for the larceny of a trunk containing ladies wearing apparel and other articles of the value of some $50, the property of Miss M. E. Griffith, from the Monongahela steamboat Chieftain, in March last. Miss G took passage at the city for Brownsville, but upon arriving there, her trunk, which had been placed on board the boat, was missing. It was found in the possession of defendants at their boarding-house, at Belleview, at which point they disembarked from the Chieftain, on the night of March 21, when the larceny was alleged to have been committed. On trial at adjournment.

Common Pleas Court.

Before Hon. Thomas Mellon.

The jury in the case of Thos. Hamilton, Spencer Garrard vs. the Irving Insurance company, failing to agree, they were discharged on Tuesday morning, after having been out all of Monday night.

The other case, taken up Monday afternoon, in which Hamilton, Spencer Garrard also were the plaintiffs, and the Metropolitan Insurance Company the defendants, was compromised and the jury withdrawn.

Alex. C. Lohr vs. Wm. Curry. Action for breach of contract in building a house. Verdict in favor of plaintiff for six and a quarter cents.

Robert Long vs. John Brown. In October 1865, W. H. Phipps purchased from John Brown a piece of ground on Saw Mill Run, giving as security for the purchase money bond and mortgage. The first payment fell due January 1st, 1866, but was not met, whereupon Brown brought suit and levied upon 10,500 pit posts on the premises, purchased by Phipps from Brown. Robert Long, the plaintiff, claimed the pit posts, and the present action was brought to test the title, Long claiming them as purchased before the levy, and Brown claiming under his execution. Verdict for the defendant.

J. Y. Guttendorf vs. Morand Stroup. Action to recover the value of a barrel of molasses which plaintiff alleged he had sold to defendant, which defendant denied. On trial.

District Court.

Before Judge Hampton.

Another furtile effort was made in this Court yesterday to get up a case. But few of the cases in the old list remain undisposed of, and much difficulty is experienced in getting parties ready for trial. The Court will meet to-day at ten o'clock A. M.

The Million Appropriation.

At a meeting of Post No. 1, Grand Army of the Republic, Department of the Potomac, held at their hall on last Friday evening, the following resolutions were unanimously adopted:

Resolved, That the thanks of this post be and hereby are, tendered to Generals John A. Logan and B. F. Butler, and the Hon. John Covode and Hon. Thomas Williams, for their earnest efforts to defeat the bill appropriating one million dollars to impenitent rebels.

Resolved, That we believe that Congress should be just before it is generous, and if justice be done to the loyal officers and soldiers who are living, and the wives and children of those who are dead, it is quite as much as the finances of the country will justify; and we trust there is loyalty enough in Congress to defeat this manifestation of sickly sympathy for conquered but ungrateful and defiant traitors.

After the transaction of some other business the post adjourned.

Disorderly Boys.

Mr. George Harman, a shoe dealer at the corner of Federal street and North alley, in Allegheny, made information before Mayor Morrison, yesterday, against thirteen boys, for corner loafing and general disorderly conduct, alleging that they habitually congregate in the neighborhood of his store, and insult passers by. The names of the accused are David Gleason, Martin Gields, William Chambers, William Boyd, Robert Gleason, Alexander Oddersen, Jas. Robinson, David Martin, J. Louis Moore, Charles Splane, Robert Lindsey, David E. Kirk and John Irwin. They were arrested and held for a hearing.

The Westminster Assembly.

On Thursday evening next, the 21st inst., the Rev. S. O. Wylie will deliver a lecture for the benefit of the Sabbath School. The lecture will be delivered in the R. P. church, (Dr. Sproull's) Allegheny. The subject treated by the Reverend lecturer is to be the "Westminster Assembly; its History, Characters, Incidents and Works." The subject is of great interest, not alone to church members, but to general readers, and every person interested in the course of events. Tickets will be sold at twenty-five cents each.

A Dishonest Cook.—The cook in a boarding house on Third street announced on Monday that she must go to Harrisburg, and went to the depot with her trunk. After her departure the landlady discovered that two cloth circulars, some dresses and a quantity of jewelry were missing. She went immediately to the depot, found the cook, and found her wearing a stolen breast pin. She threatened her with the law, when the frightened girl opened her trunk, gave up all the stolen property and was permitted to go to Harrisburg.

Hooked by a Cow.—A boy of twelve years, named Albert McCutcher, residing in Pitt township, was amusing himself on Friday last, by playing in the barn with a calf. The "milky mother" of the calf not liking the divertisement, tossed the boy with her horns into a manger. One of her horns penetrated the child's abdomen, producing a hole half an inch in diameter, penetrating the cavity of the bowels. Although seriously hurt, it is thought the child will recover.

Larceny as Bailee.—Mary Leonard, of Mansfield, makes information before Alderman M'Masters, charging Daniel M'Elheron, of Pennsylvania avenue, with larceny as bailee. She alleges that the defendant was selling ale for Messrs. Spencer & McKay, and she bought twenty dollars' worth, paying him the money. He failed to hand it over to his employers, and the bill was sent to her. A warrant was issued.

Hospitality Requited.—Mary Ferguson, of Hardscrabble, was going to move, and Catherine Garrity, a neighbor, bought some whisky for a farewell party. During the party a row arose, and a general fight ensued. Yesterday, Mrs. Garrity, the hospitable entertainer, was prosecuted by her principal guest before Alderman M'Masters for assault and battery. A warrant was issued.

There were three common cases before Mayor Morrison yesterday morning. They were all drunks and were disposed of in the usual manner.

The Great Republic.

The Steubenville *Herald* of Monday says of the Great Republic: This, the "Great Eastern" of the Western waters, built recently at Pittsburgh, passed this city yesterday afternoon about 4 o'clock, on her way down to St. Louis, between which city and New Orleans she is intended to run. Persons who saw her, river men, say she is the largest and handsomest steamer they ever saw, for workmanship, style of model, beauty and size, out-ranking the finest of the far-famed Hudson river boats. The "Great Republic" has proved a success thus far, fully exceeding the expectations of both builders and contractors.

The Wheeling *Intelligencer* speaks thus of the reception the "G. R." met at the Wheeling wharf: At five o'clock it became known that the great steamer was coming, sure enough. Again there was a frantic rush to the wharf to see the mamoth floating palace. Before her gangway plank could be run out, a great crowd had gathered down at the water's edge. As soon as the plank touched shore, and before persons desiring to get off could put their feet on it, it was literally jammed with the boys, who must be first everywhere, and in everything. Seeing the rush, the Captain jerked the bell-rope. That stopped the crowd for a moment, but thinking it only a maneuver to keep them off the rush commenced again; the Captain jerked the bell, and the deckers began to haul in the gangway. What a rush was there, my countrymen, to get off. Whoever has seen a flock of sheep jumping over a ditch, has some idea of the pell mell style in which, the men and boys made their escape from the boat. With all their hurry, some dozen persons failed to get off, and the huge leviathan, unmindful of their clamor or weight, went off on her voyage.

—The past week has been one of no little consternation in the dry goods trade. The failure of Taft & Co. for $1,500,000, and that of Amasa Manton for about $600,000, and Bailey & Eaton for $500,000, and a few others of the New England manufacturers not so well known, caused an uneasy feeling here lest the losses thus occasioned would undermine some in apparently good standing in our own midst. The worst, however, has been reached, and were it not for the extraordinary sensitiveness of business men at the present time, growing out of the unsettled condition of financial affairs, no importance would have been attached to these failures from the first. With respect to the parties named above, it is stated Edward P. and Cyrus Taft have speculated largely in print cloths and other goods. Of their indebtedness of one and a half millions of dollars, creditors to the amount of three-fourths to seven-eighths of the whole are said to hold securities. With the suspension of this house, work on their mill at Occum, Ct., which was to have been the largest in the world, has been stopped in consequence of the execution of $560,000 held by Resolved Waterman of that city. Although the paper of this well-known firm has been offered quite freely in New York and Boston for several months past, the banks of both cities hold but little, if any, of it. There are, however, it is said, Boston firms who are creditors to some extent of the Union Horse Shoe Company, of which one or more of the members of the above house are understood to be directors.—*Phila. Press.*

—The bill just passed by the Legislature of Missouri in relation to the State debt makes the payment of overdue coupons depend entirely upon the receipt of money from the United States, claimed by the State for expenses in maintaining troops in the late civil war. Four millions out of some $6,000,000 claimed is set aside for the purpose, but none of it has yet been paid. In the meantime the State appropriates $600,000 for payment of the next July interest, and levies a four mill tax for the future payment of interest. Without the government money the Missouri papers say they cannot render satisfaction for any part of the overdue coupons.

—The following extract from the national banking act is not entirely destitute of interest at the present time:

SEC 29. *And be it further enacted,* That the total liabilities of any association, of any person, or of any company or corporation or firm, for money borrowed, including in the liabilities of a company or firm the liabilities of the several members thereof, shall at no time exceed one-tenth part of the amount of the capital stock of such association actually paid in; provided, that the discount of *bona fide* bills of exchange drawn against actually existing values, and the discount of commercial or business paper actually owned by the person or persons, corporation or firm, negotiating the same, shall not be considered as money borrowed.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, March 19, 1867.

There are no new characteristics in the produce markets worthy of special notice. The demand for most of the leading articles is fair, and while there is a fair volume of business, in the aggregate, the transactions are mostly of a jobbing character, and prices, generally speaking, are tending upward.

GRAIN—Wheat is firm and the supply in this market is almost exhausted. Sale of 50 bags choice Spring at $2,85. There is an improved demand for Oats, and prices are, if anything, a shade higher; sale of 2,000 bush, at an average price of 50; 1 car do at 51—small sales at 53@55. Barley is in demand at $1 for No. 1 Spring. Corn may be quoted at 70 to 72 for Ear, and 75 to 76 for prime Shelled—on wharf and track. Sale of 280 bush Rye, to arrive, at $1,35.

FLOUR—There is a fair local demand, and while the market is steady, prices remain unchanged. We continue to quote at $12 to $12,50 for good to choice Spring Wheat brands; $13,50 to $14,50 for Winter Wheat, and $16 to $17 for fancy brands. Rye Flour quoted at $7.25 to $7,50—sales of Buckwheat at $3,25 to $3,50 per cwt.

PROVISIONS—Bacon is firm at 10 to 10¼ for Shoulders; 11¼ to 12 for Ribbed Sides; and 15¼ to 16 for Sugar Cured Hams. Lard is held firmly at 13, for prime kettle rendered, in tierces. Mess Pork, $22,50 to $23.

SEEDS—Steady but unchanged. Sales at $8,50 for Clover, and $3 to $3,25 for Timothy. Flaxseed is wanted at $2,85, and but little in market.

BUTTER—Prime Roll is in demand, while common is in good supply and dull. Sales of the former at 30 to 32, and choice at 34 to 35.

EGGS—A shade firmer, and we now quote at 22@23—mostly at 22.

HAY—Prime Timothy Hay is in demand, and we now quote at $24 to $25, on wharf and track—sale of 1 car at $24.

POTATOES—Dull but unchanged—may be quoted at $2,50 to $2,75 per barrel, and 75 to 80 per bush.

GREEN APPLES—Steady, and prime, in sound condition, sell readily in a regular way at $3,50 to $4 per bbl.

DRIED FRUIT—Continues dull, with a supply considerably in excess of the demand. Small sales at 16 to 20 for Peaches, and 9 to 10 for Apples.

FISH—Sale of 40 half bbls Lake Herring at $4, and 10 do do at $4,25.

BROOMS—Sale of 50 doz No. 2 at $2,50.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, March 19, 1867.

CRUDE—The market for crude was again moderately active to-day, but prices remain unchanged. Sale of 1000 bbls, to be delivered between the 10th of April and the 10th of May, at 6½; 4000 bbls to be delivered any time within the next twelve months, buyer's option, at 9¼; 1000 bbls, to arrive, at 6¼; 1000, to arrive, at 6¼; and 44 bbls, on the spot, at 6¾. The demand is almost entirely speculative, and mainly for future delivery, there being but comparatively little inquiry for spot oil. The advices from the east continue unfavorable, while the foreign markets, it is said, are reported weaker, by cable dispatches.

REFINED—There are no new features in the market for bonded oil worthy of special notice; the demand is only moderate and entirely speculative, while prices have undergone no material change. Sale of 1500 bbls standard white, on cars at works, at 21¼; 1000 bbls prime light straw to white, for April, at 24¼, delivered in Philadelphia; and 1000 bbls for May at 26, on cars here; 500 for July; 500 for August, and 500 for September, on private terms. Spot oil may be fairly quoted at 19¼ to 20, on cars here, and 25 to 25¼, delivered in Philadelphia. Free Oil is dull and nominally unchanged; small sales of standard brands at 49.

ARRIVALS—But a single arrival reported to-day, 1200 bbls for Fisher & Bro.

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, March 19, 1867.

CATTLE.

The supply of cattle was remarkably light this week, not exceeding five hundred head, and with scarcely enough to satisfy the retail demand, prices, generally, and especially for good cattle, ruled higher. The only sale for shipment was 52 head, to go to Baltimore—there were no New York or Philadelphia buyers in attendance, and they could not have bought if they had have been there. Prime to extra retailing cattle sold at from 8 to 8¼, gross, and from that down to 5¼ to 6, according to quality and condition. Stock cattle continue to meet with a very fair demand, and good grades sell without much difficulty at 6 to 6¼. The principal eastern buyer at these Yards, Barney Grey, was absent this week, being in New York.

SHEEP.

The market for this class of stock is stiff and with a light supply and a good eastern demand, prices have still further advanced. W. Reis sold Wernz 226 head of good fat Sheep, averaging 92¼ pounds, at at 8c, gross—and we are cognizant of a sale having been effected at the Central Yards on Monday at 8¼. In a retail way prime to extra fat Sheep may be quoted at 8 to 8½—an advance of fully 2c per pound within the last few weeks.

JAMES DALZELL & SON,
69 and 70 Water Street,
LARD OIL MANUFACTURERS,

And dealers in CRUDE, LUBRICATING and CARBON OILS.

We warrant our No. 1 Lard Oil equal to the best Cincinnati, or other brands, and propose to sell as low as Cincinnati or Chicago rates.

Our No. 2 Lard Oil as a Lubricator cannot be excelled.

Duck Creek Lubricating and standard brands of Carbon Oil constantly on hand.

Merchants and manufacturers will find it to their interest to give us a call before ordering Lard Oil from the West.

HOGS.

The market for Hogs continues quiet and unchanged. The demand is restricted entirely to supplying the wants of the retail trade, and we continue to quote at 8 to 8¼ for fair to good averages, and the supply, although light, is fully up to the wants of the butchers.

REPORTED SALES OF CATTLE.

Blackstock & Hazlewood sold Andy Ackley 18 head of prime Illinois steers, averaging 1300 pounds, at 8¼, and retailed 43 head at 7¼ to 8¼. Grass and Lafferty sold 17 head for Erwin at 6¼ to 7¼; 40 head for Hevl at 6¼ to 7¼, and 29 head on their own account, 6¼ to 7¼. Verner & Hartman retailed 19 head at 7 to 7.50. Geo Stutz sold 19 head to Myers & Needy at 6¼. R. C. Crum sold 7 head at 6,50 to 7,85. Haas & Kraus sold 18 head of good cattle for McFadden at 7¼ to 8¼, and 29 head on their own account. Greenwald & Kahn sold 86 head at 6,50 to 8,40. Marks & Trautman 75 head at 6¼ to 8¼. Myers & Needy sold 56 head to go to Baltimore, and retailed 52 head. Merrick & Doud sold 16; L. Rothchilds, 19; Emerick & Co. 11 at 6 to 8.

The *Post* says: Michigan Southern is excited and higher, under a rumor of amalgamation with the Lake Shore Railroad, so as to make a continuous line to the West.

RIVER NEWS.

The river continues to recede steadily at this point, and last evening the Allegheny marks indicated scant seven feet. The Allegheny River has become so shallow that navigation for the time being may be considered suspended. The weather yesterday was clear and pleasant, and very favorable for out-door operations, but business was dull at the landing.

The Argosy, from Cincinnati, is the only transient arrival, while aside from the regular packets, there were no departures. There are no boats due from below during the next few days.

The towboat Tiger left for Louisville on Saturday, with five barges of coal, and the Fearless, for Cincinnati, with same number of barges, left on Sunday. The A. J. Baker, from New Orleans, is due here to-day. The great majority of the coal diggers have again resumed work, the pit owners agreeing to pay the old wages, four cents per bushel.

The Great Republic arrived at Cincinnati about ten o'clock on Monday night, and will leave there for New Orleans to-morrow. She made the run from Wheeling to Cincinnati in about twenty-eight hours, which is pretty good time, when we take into consideration the fact that the weather was stormy and unfavorable for a boat making good time. Private telegrams report that the Cincinnati people are pleased with the Republic, and pronounce her ahead of anything in the shape of a steamboat that ever touched at that wharf.

The Sherman, Capt. G. N. Baker, will positively leave for St. Louis this evening, and passengers and shippers should bear this fact in mind. The Sherman is a staunch and reliable boat, and has good accommodations for passengers.

The Argosy, Capt. Vandergrift, with Mr. W. H. Scott, in the office, is the regular packet for Cincinnati to-day, leaving promptly at noon. The Argosy is a neat and reliable craft, and will leave as above announced. The Ida Rees, Capt. Brown, is also announced for Cincinnati and Louisville.

The Savanna, Captain McGowan, will positively leave for St. Louis and the Upper Mississippi to-day, and she will be followed by the Dubuque, Capt. Parker, at an early day next week. The Kenton, Capt. Dunlap, will be the first boat out for New Orleans.

We hear it stated that the Peoples' Line packet, Chieftain, now undergoing repairs at Brownsville, will be on the track again about the first of April.

The Louisville *Democrat* of Saturday, publishes a letter *purported* to have been written in Allegheny City, and in which the writer *claims* that he was on board of the Great Republic, and made a thorough examination of her from stem to stern. Of course, he pronounces her a grand failure, in almost every particular, but especially her engines, which "are gotten up in a rough and unworkman like manner," and, according to this writer, "are a disgrace to the boat as well as Pittsburgh." The whole communication reads like a Louisville production, and we are disposed to believe that it was manufactured for the occasion—possibly in the *Democrat* office.

The Maggie Hays, Carrie, Messenger and Pine Grove arrived at Cincinnati on Sunday night, and the Spray, Maggie Hays and Columbia were advertised to leave there for Pittsburgh on Monday evening.

The numerous friends of Capt. John Devinney will be glad to learn that he has been appointed and confirmed as Supervising Inspector in place of Shield, who has been removed. Capt. Devinney is a staunch Republican, and is, in every way qualified for the position. The cause assigned for Shield's removal, is disobedience to the orders of the Secretary of the Treasury.

Says the Cincinnati *Commercial* of Monday: Owing to the general observance of Saint Patrick's Day yesterday, all was unusually quiet along the levee. The steamboat profession was ably represented in the processions, both military and civic. Messrs. E. S. Butler, John Baker, George Silmer and Andy. Robinson, Jr., represented the military branch, while Captains D. L. Hendrickson, John Kyle, T. A. Cassilly, George H. Greist, B. F. Davidson, James Shedden, F. Y. Batchelor, J. W. Johnson, F. J. Oakes, James S. Wise, Thomas S. Royse, A Bennett and H. A. Glassford were prominent in the procession of the numerous charitable associations. The Robert Burns having retired from the Lawrenceburg trade, will shortly resume her regular trips to Memphis. The Julia discharged a lot of tobacco at the foot of Fifth street.

The *Colored Kentuckian*, a "loyal paper," published by the "culled folks" makes the following good suggestion in regard to the Richmond and her crew: "Let Capt. Neal inaugurate a system of drilling the crew—officers, cabin crew, deck hands and firemen—appoint officers over each portion of the crew, and let their duties be defined, and it be made obligatory that the men be practiced to handle the water buckets, hose axes, man the life-boat, yawl, get the life-preservers, take off the shutters, slip off the doors, &c. The men should be practiced in this way until they become perfectly familiar with it, and in case of fire or sinking, the disgraceful scenes which transpire on every occasion now would be no more, and valuable lives would be saved."

It is probable the Armada, recently sunk below Evansville, will be taken to Cincinnati for repairs. She has been raised, and the wounds of her hull show that she struck hard on some solid body. Ninety-one of her timbers, was found on careful examination are broken—commencing about the front of her boilers, starting near her larboard quarter forward, and quartering back to near the centre of her hull, and thence in a straight like back nearly to her stern.

The Mercury, recently sunk at Arkansas cut off, was owned by Capt. Pink Varble, of Louisville, and was a regular packet between Louisville, Memphis and White River. She was on her way to Louisville when she sunk. She was a stern-wheel boat, valued at $20,000, and insured in the following offices for $15,000: Lamar, $5,000; Northwestern, $5,000; [illegible], $5,000; of New York and the United Life, Fire and Marine, of Covington, Ky., $4,000.

We published an item the other day taken from the Portsmouth *Republican*, to the effect that a race for $10,000 would come off between the Fleetwood and Bostona in May next. Capt. Lodwick, of the Bostona, is out in a card in which he takes occasion to deny the whole statement; and concludes by saying that "we did not build the Bostona to race with any boat, but to fill the requirements of the Portsmouth trade—for a boat equal in speed, comfort and safety to any boat on the river, and we hold the welfare and safety of life and property as paramount to all other considerations, and shall conduct our business accordingly."

The Cincinnati *Enquirer*, of Monday, says: The Julia No. 2 got in yesterday morning from Nashville, and will load at once to return. She was only twelve days out to Nashville and back, and lost three days in consequence of high water and rain. She discharged 143 hhds tobacco at the Fifth street wharf. It was reported in Louisville on Saturday that the Alice V sunk near Memphis on Friday. She must have been coming up. The report needs confirmation.

The citizens of Dubuque, Iowa, will present the Dubuque, now building at Pittsburgh, a full set of colors, costing $400, and will give a banquet in her honor on her arrival.

The Cincinnati Wrecking Boat Company's steamer Underwriter, in the past year and a half, has raised at different points on the Ohio and Mississippi rivers twelve steamboats—eight of them with valuable cargoes, viz: Express, at Manchester Island, Ohio river, value $20,000; Huntress and cargo, near Cairo, Ohio river, value $30,000; J. R. Gilmore and cargo, near Colconda, Ohio river, value $50,000 Darling and cargo, Plum Point, Mississippi river, value $300,000; Minnie and cargo, Island No. 1, Mississippi river, value $40,000; Sherman and cargo, Paducah, Ohio river, value $60,000; Convoy No. 2 Cairo, Ohio river, value $4,000; Messenger and cargo, Island 25, Mississippi river, value $150,000; Emperor and cargo, Louisville, Ohio river, value $100,000; Argonaut and cargo, New Albany, Ohio river, value $10,000; Mary Swan, Rockport, Ohio river, value $20,000; Armada, Caledonia, value $25,000. Amount of property saved by raising boats and cargoes, $709,000. During the same time over $25,000 worth of property was saved from the wrecks of the High and Chief, Black Locust, Ben Stickney and Roanoke.

LOUISVILLE, March 19.—The steamer Nick Longworth arrived this evening with the passengers and crew of the steamer Mercury, which was lately sunk in Arkansas cut-off.

CAIRO, March 19.—Cloudy and chilly; the snow, which was nearly four inches deep, has disappeared; mercury 42 degrees. The river rose three quarters of an inch.

Agricultural Land Scrip
FOR SALE.

The Board of Commissioners now offer for sale 780,000 acres of Agricultural College Land Scrip, being the balance of the Scrip granted to the Commonwealth of Pennsylvania for the endowment of Agricultural Colleges in this State.

Proposals for the purchase of this Land Scrip, addressed to "The Board of Commissioners of Agricultural Land Scrip" will be received at the Surveyor General Office, at Harrisburg, until 12 o'clock M.,

On Wednesday, April 10, 1867.

This land may be located in any State or Territory by the holders of the scrip upon any of the unappropriated lands (except mineral lands) of the United States, which may be subject to sale at private entry. Each piece of scrip represents a quarter section of one hundred and sixty acres, is issued in blank, and will be transferable, without endorsement or formal assignment. The blank need not be filled until the scrip is presented for location and entry, when the party holding it can fill the blank and enter the land in his own name. Bids must be made as per acre, and no bids will be received for less than one quarter section.

The Scrip will be issued immediately on the payment of the money to the Surveyor General. On all bids for a less quantity than 40 000 acres, one-third of the purchase money must be paid within ten days, and the remaining two-thirds within thirty days after notification of acceptance of the bid or bids by the Board of Commissioners.

At the Eldridge House,
IN THE CITY OF
Lawrence, Kansas,
ABOUT 155,000 ACRES OF LAND,
Situate in the Counties of LEAVENWORTH, WYANDOTTE, JEFFERSON and DOUGLASS, and known as the
"Delaware Reserve."
These lands are directly on the main line of the
UNION PACIFIC RAILWAY, EASTERN DIVISION.
The Branch of the same ROAD FROM LEAVENWORTH TO LAWRENCE PASSES THROUGH THEM, and the railroad from St. Louis to Leavenworth runs along their eastern border.
IN FERTILITY, LOCATION AND ABUNDANCE OF TIMBER AND WATER, these lands are the FINEST IN THE STATE.
By the treaty with the Delawares in 1860 the Indian title to the "Reserve" was extinguished, and since that date many farms have been improved, and churches, school houses, grist and saw mills erected, and many other improvements made thereon.
The climate of Kansas is remarkably healthy, and to farmers and settlers these lands offer
Greater Inducements than any Others in the West.
Also, at the same place, immediately after the disposition of the above lands, will be sold about
28,000 ACRES OF LAND,
Situate in the Southeastern part of the "SAC AND FOX RESERVE," in the county of Franklin, Kansas.
Also, a large number of TOWN LOTS AND BLOCKS in the towns of NORTH LAWRENCE, TONGANOXIE and PERRY.
The sale will commence on April 2d, 1867, and will continue from day to day until all the lands above named have been disposed of. The lands will be offered in tracts to suit purchasers.
TERMS OF SALE—One-third cash and balance in two equal annual payments, with 6 per cent. interest thereon from date of purchase.
